We offer a range of packages and special touches for your celebration and the flexibility to use the beautiful historic spaces in any way you choose. For our wedding couples, we offer complete exclusively.

This brochure gives an overview of the spaces available and the different ways they can be used, so you can begin to imagine how Hall Place and Gardens could be the perfect venue for your wedding or special event.

Great Hall

The Great Hall is the heart of Hall Place and Gardens and offers some of the most stunning features seen throughout the house. The Great Hall can accommodate wedding ceremonies for up to 100, dining also for 100 and up to 140 for evening receptions and dancing. Featuring high ceilings, wood panelled walls and chandelier lighting, the Great Hall evokes the memories of candlelit banquets, family celebrations and entertaining to impress.

Tudor Kitchen

The Tudor Kitchen is located directly off the Great Hall and is perfect for ceremonies for up to 100 and then as a separate area for your evening bar or buffet.

Featuring a range of period features such as the stone lined walls, leaded windows and a Tudor-style beamed ceiling, this space offers the chance for more atmospheric ceremonies.

Great Chamber & Long Gallery

The Great Chamber offers a smaller, more exclusive atmosphere for ceremonies, accommodating up to 50 guests and provides views across the West Lawns and Queen's Beasts; the famous topiary sculptures. Directly off the Great Chamber is the Long Gallery, an ideal space for receptions or private dining.

Parlour & Chapel

With views onto the Topiary Lawn, the Parlour has wood panelled walls and chandelier lighting. Suitable for small private dining events and ceremonies, it is linked to the Chapel which works well as an additional space or intimate bar area. It also gives you direct access to the Private North Courtyard for guests to enjoy some outdoor space.

North Courtyard

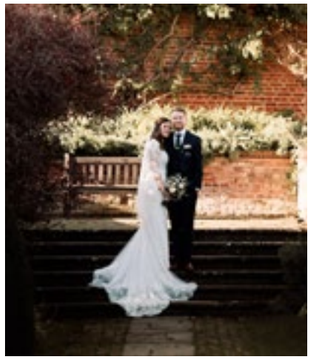
This private courtyard provides some of the best views of the oldest part of the house and its architecture. Located directly off the Great Hall and Tudor Kitchen, the North Courtyard is perfect for summer events and drinks receptions.

Relax and catch up with guests as canapés and drinks are served under the imposing Great Hall windows and the beautiful stonework.

Weather permitting, the North Courtyard can also be chosen as your ceremony location.

Gardens

The award winning gardens of Hall Place provide the perfect opportunity for a range of photographs to capture your special day. Whether it's the happy couple or the whole wedding party, guests are welcome to enjoy the formal landscaped gardens or the more natural areas such as the river, expansive lawns and hidden clearings.



Ceremonies

Holding your ceremony at Hall Place and Gardens will provide an unforgettable experience, full of history and romance.

We have five beautiful licenced spaces of varying sizes and style which will ensure you have the perfect location for when you take your vows.
