RELISH AT HALL PLACE

As the sole caterers for Hall place we have a love for the venue and a true understanding of how to utilise the quirky characteristics of the building to set the scene for a perfect reception.

With over 40 year’s of experience delivering quality catering and service we have a proven track record operating in a variety of venues, from castles to tipis.

As smaller and more intimate weddings become more popular we have worked with many couples to provide them with reception services with quality service and fantastic food.
